## Prepare and Send a Quote Request

Welcome to Cafection | Evoca online quote platform! This document will guide you through the steps to preparing and sending a quote request to Cafection | Evoca.

- 1 Access the website at [quote.cafectionevoca.com](https://quote.cafectionevoca.com), then **Sign In** to your account.
- 2 Browse the catalog.  
The home page features our most popular brewers. Explore the complete catalog by market (OCS or HoReCa), product type or brand through the main menu. All accessories are available under Accessories.
- 3 Access the selected brewer page, then adjust the parameters to your needs. Note that all parameters are activated by default (free vend for payment options).
- 4 Once the machine parameters are set, add the quantity of units required on the quote, then click on **Add To Cart**.
- 5 To add new items to the cart, click on **Continue My Quote**, then add as many items as required for your quote. If the quote is complete, click on **Ask For Quote**. You will be redirected to the cart page.  
*To add extra "stand-alone" accessories, browse the Accessories menu. To add brewers of the same model with different settings, set another machine.*
